Informatics graduate with a strong foundation in Full Stack Web Development. Committed to delivering scalable code and solving complex technical problems.

EDUCATION

Bachelor of Informatics | Universitas Islam Indonesia

- GPA: 3.53 / 4.00

2022 - 2026

TECHNICAL SKILLS

- Programming languages: Python, JavaScript, Java, JavaScript, C#, Kotlin, HTML5, CSS3.
- Frameworks: Django, Bootstrap, React.
- Databases: PostgreSQL, MySQL.

PROJECTS

Chesstify - Chess Database Management & Game Analysis Web Application for Professionals

Individual project as Full-Stack Developer - Python (Django) | JavaScript | HTML | CSS | PostgreSQL

- Engineered a high-performance PGN parser utilizing Python, reducing bulk upload processing time by 40% for professional game archives.
- Integrated Stockfish 17 chess engine using WebAssembly (WASM) and Web Workers for real-time, client-side position evaluation without server latency.

Amarta Artha Institute – Institutional Website Development

Team project as Project Manager and Front-end Developer - HTML5 | Tailwind CSS | JavaScript

- Primary point of contact for client, conducting meetings, gathering requirements, aligning expectations
- Built full multi page responsive site (Landing, About, Services, Portfolio) from scratch

Carbonea - Mobile Apps Eco Friendly Activity & Health Tracker

Team project as Front-end Developer - Kotlin | Firebase | HTML | PHP | Google Maps API

- Designed intuitive dashboards for "Carbon Tracker" and "Health Tracker", visualizing complex environmental impact data (CO2 savings) into cards and stats.

ORGANIZATIONAL & VOLUNTEER EXPERIENCE

Publication & Design | Porsematik & PETA FTI, Universitas Islam Indonesia

2023 & 2024

Designed visual assets and managed publication materials for university-level events

Head of KKN Unit 31 UII (Kuliah Kerja Nyata) - Kotabaru, Yogyakarta

2025

- Led a multidisciplinary team of 11 students to execute community development programs in Kotabaru, Yogyakarta.
- Initiated the digitalization of administrative records by supervising the development of a Web-Based Dashboard for the local elderly care organization.
- Managed project timelines and coordinated with village officials to ensure successful program implementation.

CERTIFICATIONS

- UI-UX RESEARCH AND DESIGN: FULLSTACK INTENSIVE BOOTCAMP - MySkill
- GRAPHIC DESIGN & CANVA BOOTCAMP - MySkill

2023

2024
